

Aetna Better Health®

Specialty Drug Program

Aetna Better Health Specialty Drug Program is provided by CVS Health Specialty Pharmacy. The specialty pharmacies fill prescriptions and ship drugs for medical conditions such as hepatitis C, multiple sclerosis, rheumatoid arthritis and most cancer drugs.

The Specialty Drug Program has special services for you:

- You can talk to a Pharmacist 24 hours a day, seven days a week
- Counseling about your drug and disease
- Coordination of care with you and your doctor
- Delivery of Specialty drugs to your home or doctor's office
- You can drop off your prescription and pick up your drug at any CVS Pharmacy (including those inside Target stores)

You can call CVS Specialty Pharmacy at **1-866 693-4445**; TTY/TDD: **1-800-863-5488** from 7:30 a.m. (EST) to 9:00 p.m. (EST), Monday through Friday. CVS Specialty Pharmacy will help you with filling your specialty drug.

Prior authorization (PA) may still apply to your specialty drug. You can check our website at www.aetnabetterhealth.com/florida to see if PA is required. Select "For Members." Choose "Pharmacy Benefits." Click "Formulary Drug List." Click "Preferred Drug List" and search for your drug. Look at the "Clinical PA Required" column. If "Yes" is in this column, your drug requires PA.

The drugs below are filled by CVS Specialty Pharmacy.

Acromegaly

Octreotide Acetate
Sandostatin
Sandostatin LAR
Somatuline
