

Comprehensive Specialty Pharmacy Drug List

Providing one of the broadest offerings of specialty pharmaceuticals in the industry

The **Comprehensive Specialty Pharmacy Drug List** is a guide of medications available through CVS/specialty™. Our goal is to help make your life better. With nearly 40 years of experience, CVS/specialty provides quality care and service. We have a network of pharmacies that includes those with Joint Commission and URAC accreditation. The Joint Commission and URAC are nationally-recognized symbols of quality that reflect an organization's commitment to meet high standards of quality and safety. This list represents brand-name products in CAPS and generic products in lowercase *italics*.

Please note: If you are a plan member or a health care provider, please visit www.CVSspecialty.com, fax toll-free at 1-800-323-2445 or call toll-free at 1-800-237-2767 for specific information regarding medications available through CVS/specialty. e-Prescribe specialty prescription(s) to CVS Caremark Specialty Pharmacy.
